Sir,

We have the honour to acknowledge receipt
of your Excellency's favour of the 3rd inst.
with remittance in settlement of the Lucca Triens,
for which please accept our best thanks.

We take the liberty of submitting a
Triens of Pistoia of the same period, as now that
you have those issued by Piomba, Treviso, and
Lucca, it seems a pity that you should not have
an opportunity of acquiring the fourth one,
which, as you will see, is in really fine state.
Only one other specimen of this coin is known,
and this particular piece is the one actually
described by Sambon in his "Repertorio Generale".
The coin, of course, is only sent for your approval,
and you are at perfect liberty to return it should
you so wish.

With regard to the Glendining Catalogue.
we much regret to state that the plates have come
out very badly, owing to some defect in the lighting,
so much so that the coin of Alexander, Lot 627,
which is in perfect state, appears from the play
of light on the plate as though it were bent. The

description in the catalogue is perfectly accurate as to condition, and you would be completely satisfied with the coin should you secure it. With regard to the value of it, we would suggest that a fair price would be in the neighbourhood of £50 and £60, as the coin is valued in Sabatier's work at 1000 Francs, (equals £40.) The Montagu specimen sold in Paris in 1896 realised 600 Francs, £24, and we have good reason to believe that this is the same piece.

We shall be pleased to receive your kind instructions, which, as usual, shall have our most careful attention,

We remain, Sir,

If it causes you any inconvenience to have payment made in this manner, let me know and I shall make other arrangements. It is easier for me to pay you in this way instead of going through the formalities necessary to purchase sterling drafts in Rome.

Referring to your letters of November 22d, December 15th, and December 19th, I shall be glad if you will send me on approval No. 5, Aripert II, and No. 7, Lucca. I shall not want any of the other pieces mentioned.

We are in receipt of your Excellency's letter of the 5th inst. enclosing a draft for 402.02 dollars, and beg to affix our receipt to your invoice in pounds sterling. This mode of payment is quite convenient to us.

Unfortunately, one of our clients, Sir Arthur Evans, who happened to see the Lombard coins, wanted to purchase No. 5, a ripert 11, and as we had not had your Excellency's reply we took the liberty of letting him have it. We therefore enclose an approval No. 7, Lucca, which we trust will give satisfaction. These coins are all exceedingly rare.

Dear Mr. Oliver

I have the honour to enclose Sale Notes
concerning the lots purchased for you at the Sale here
and I trust you will be satisfied with the way in
which I have acted on your behalf. A few pieces
which seemed to me worth while I purchased although
they is not slightly beyond a few limit; on the other hand
there were several which I obtained much below what
I believe it balances out in your favour. The only
coin which I have purchased a good deal
beyond the price is lot n° 3 because the price
is really worth about £20, but as it must be
one the auctioneer. It is a beautiful piece, in fine state.
I have expected some instructions with regard to

EMBASSY OF THE
UNITED STATES OF AMERICA

Rome, July 25, 1901.

My dear Mr. Garrett:

I looked in the files for any letter pertaining to the Lampsacus and Valone coins, and only found one which reads as follows:

"As we were under the impression that you had left Italy, we have just addressed to you in America two extremely rare coins which have recently come into our hands. May we take the liberty of asking you to make arrangements so that they do not get held up in the United States. If you could have them sent on to Rome, we should be very glad for you to have them under consideration, as they are both very important pieces. Or, if they do not appeal to you, it would greatly help us to send them back at your convenience."

This letter is dated August 3, 1900.

I shall keep the whole file you gave us, unless you give me other instructions, until you return to Rome.

Respectfully yours,

Pauline H. Turkel

Dear Sir,

We thank you very much for your esteemed letter of the 25th instant. Now knowing your present address, we had sent you a copy of the Catalogue of the forthcoming July sale to Baltimore.

We have pleasure in sending you our valuations of the lots in which you are interested, although these are only approximate, and we should be grateful if you could allow us some latitude as to price. The pieces in the Aes Grave series are all very great rarities, and would have fetched more some years ago.

We are glad to say that the coin market has not reacted to the depression as much as other classes of antiquities: two recent sales in Paris and Frankfurt have proved that there are still collectors for fine coins.

Thanking you very much for any orders you may wish to favour us with, to which we shall give our best attention, and which we shall endeavour to secure as cheaply as possible, we beg to remain.

Dear Sir,

We are grateful to you for your favour of the 8th inst., and have much pleasure in sending you by the same mail, registered the gold solidus of Basil I, Hudocia and Constantine, which comes from the collection of Mr. George Pappadopulo of Istanbul. We are also sending you the Latiun Dupondius, but this will have to travel by the next mail, as we have thought it better on account of its unusual shape and weight, to procure a Consular Invoice, so that you may have no trouble with the Customs at your end. The approval note is enclosed, and a separate one for the gold coin, so that the two consignments may be treated independently of each other.

Dear Sir,

We beg to confirm our letter of yesterday's date, and to inform you that the Dupondius is being sent by letter mail at the same time as this letter, accompanied by a Consular Invoice.

As to the provenance of the piece, all we can tell you at the moment is that it comes to us from an Italian noble family, from which we are making enquiries in order to ascertain what pedigree it may have.

With many thanks,

Dear Sir,

In further reply to your letter of the 8th January, the Axe Dupondius comes from the collection of Count Cornaggia of Milan, who guarantees the piece.

Since the British Museum Catalogue of Byzantine Coins was compiled, the British Museum has acquired a specimen of the solidus of Basil I, Eudocia and Constantine.

Dear Sir,

We take the liberty of offering you
two outstanding Greek coins.

The Thurium is from the recent Find.
and some specimens, no better in condition and
style, have been fetching up to £250.

It is possible that you have already
a Hiero II 32 litra piece, but in case you
have not perhaps this would meet with your
approval, as it is a very rare coin.

Dear Sirs:

Referring to your letter of March 2, thank you very much for sending me on approval two fine Greek coins, which I am, however, returning. I already have a superb one of Thurium similar to the one you sent, as well as the Mero II.

I think it would be better if you did not send me coins on approval without a previous order to that effect from me. As a matter of fact I am adding very little to my collection of coins at the present time. It is quite possible that I may be in London next summer in which case I shall give myself the pleasure of calling on you.
